Death of Prof. Jaroslav Blahoš

Dear Colleagues,

Today we received the sad message from the President of the Czech Medical Chamber, that WMA Past-President Prof. MUDr. Jaroslav Blahoš, Dr.Sc. has passed away.

Aside from being a highly distinguished physician and scientist, Prof. Blahoš was a leader in organized medicine who helped to reconnect the medical community in the former communist countries with the World Medical Association. In recognition of his achievements the WMA General Assembly elected him President 1999-2000.

Prof. Blahoš remained active in global health, last serving on the CIOMS Council for his national Czech Purkynje Society.

We remember Prof. Blahoš with gratefulness and respect for his long-term engagement and his friendliness.

If you wish to send a condolence message to his spouse, please send it to:

Mrs. Simonetta Blahošová
Východní 30
CZ- 162 00 Prague 6
Czech Republic

Sincerely,

Dr. Otmar Kloiber
WMA Secretary General
