

## **LET'S BEAT NEW CORONA VIRUS**

By Dr Alvin Chan

1.How can we prevent this New Corona virus ?

Amidst the pandemic, we need new direction,  
for our new generation.

Win the uphill battle By self-help and self-rescue.

Be self- motivating  
and self- empowering.

2.How can we avoid the New Corona virus?

how to avoid contracting the disease?

Beware your face touching , cover the toilet lid before flushing,  
use soap in 20-second hand washing,  
and you have to be enduring!

3.How to prevent new corona virus?

How to purchase face masks, tissue paper ,  
and alcohol sanitizer ?

Just don't get panic, be civic minded.

Let's have otherness.

Be a king to kick away fake news.

Try our best to uphold truthfulness.

4.How to revive our economy?

How to rebuild morale and promote creativity?

Help each other,

love and care for one another.

Preventing infection makes us healthier,

keeps our society safer,

and our lives will be better.

Let's beat the virus together!
